

Exposing the myth that Islam is a peaceful religion.

**Craig Winn,
author of Prophet Of Doom**

There is but one Islam, a singular correct view of Muhammad, his religion, and his god. It is the one found in the Qur'an and Hadith. There is no independent record of Muhammad in history from which a variant view may be drawn. The Hadith and Qur'an are the sole repository of information on this man, his times, means, and mission. The Muhammad of Islam, the god of Islam, and the religion of Islam must be as these sources present them. Prophet of Doom is dedicated to exposing Islam's scriptures and what Muhammad had to say about himself, his ambition, religion, and god.

Islam rises and falls on Muhammad. He is the doctrine's sole prophet, its lone founder, its god's singular conduit. Yet the picture the Islamic scriptures paint is not flattering. I analyzed the five most holy Islamic books and spent two years studying Muhammad and his message. What I found was bone chilling. The depiction of the prophet by the most revered Muslim sources is horrendous. Nearly every page reveals behavior that is immoral, criminal, and violent. The five oldest and most trusted Islamic sources don't portray Muhammad as a great and godly man. They reveal that he was a thief, liar, assassin, mass murderer, terrorist, warmonger, and an unrestrained sexual pervert engaged in pedophilia, incest, and rape. He authorized deception, assassinations, torture, slavery, and genocide. He was a pirate, not a prophet. According to the Hadith and the Qur'an, Muhammad and his henchmen plundered their way to power and prosperity. And by putting the Qur'an in chronological order and correlating it with the context of Muhammad's life as it was reported in the Sira, Sunnah and Hadith, we also find that Allah mirrored his prophet's character. Muhammad's god condoned immoral and criminal behavior. Allah boasts about being a terrorist. He claims to have deceived men, to have stolen their property, to have enslaved women and children, to having committed acts of murder, genocide, and sadistic tortures.

Islam has been at war with everyone, including itself, for 1400 years. In Prophet Of Doom you'll see why Muslims celebrate their "victories," no matter how many innocents perish. You'll learn why their state-controlled media promotes terror. You'll know why their state-controlled schools teach hate. It will become evident why imams encourage martyrdom and jihad. You will discover Islam's goals and read what it has to say about itself. You will see how violent conquest, racist genocide, and the spoils of war established the doctrine and turned a failed prophet into a world-renowned profiteer. I recognize that these words are incompatible with the prevailing notions of our politicians, religious leaders, and media. Yet the evidence is unambiguous and ubiquitous. The truth is undeniable: today's terrorists haven't corrupted their religion. Islam has corrupted them. They are following their prophet's example.

Recognizing that most people don't have the will, time, or means to invest 10,000 hours into the study of Islam, I have done the heavy lifting for you. I have distilled the salient parts of the five earliest and most holy Islamic books into one: the Qur'an, and the inspired Sunnah

collections of Ibn Ishaq's Sira, al-Tabari's History, and Bukhari's and Muslim's Hadith. And rather than taking them out of context, they have been rearranged chronologically. A running commentary is provided so as to hold them accountable. You will see Muhammad, Allah, and Islam as they really are. The story that unfolds in their scriptures starts out foolish, turns hateful, then punitive, violent, and repulsive. Muhammad's first Qur'anic revelations are demonic, fixated on disgusting depictions of hell, pain, punishment and "entertainment." And that's the good part. The moment Muhammad and his gang slither out of Mecca, they pick up the sword and never put it down. What you are going to read from the Islamic scriptures will shake you to your core—you will be revolted and terrified—especially if you're a Muslim.

And that is the purpose of this book. I want the world—especially Muslims—to know Muhammad, Allah, and Islam as they are presented in their scriptures. Most rational men and women will conclude that Muhammad was a pirate, not a prophet, and that a god who is principally vengeful, forgetful, contradictory, and irrational might not be a god after all. It is the only rational conclusion that can be drawn. It's based upon the evidence—Muhammad's words and deeds as they were reported in the Islamic scriptures. Islam condemns Islam sufficiently to persuade even the most ardent skeptic. There is almost no mention of peace, tolerance, or love. We have been played for fools. We have the opportunity and responsibility to diagnose this disease before it consumes our life, liberty, and prosperity.
